Buckeye Bridge Visited

Supervisor Gibson, Ed Porter, C P Smith and Contractor Schultz visited the new steelbridge at Riveaside Sunday and they pronounce it one of the finest structures in the country. The approaches are nearly completed and the gentlemen walked across and tested its strength. It seemed to be allright as it held up the combination. They then returned to Riverside where Chef White had prepared a chicken dinner for the visitors. It was noticed that Mine Host Sandelin of the Palace who had intended to be one of the party was missing. He was fianally secured on the telephone and drove out in his automobile accompanied by Mr Swan. Landlord Smith presided and the feast is reported to have been thoroughly enjoyed.

Visits Brother Here

Charley Day of Valdiz, Alaska, was here this week on a visit to his brother John Day. Charley has been in Alaska for the past ten years and during his stay there has acquired some valuable mining properties.

HIGH TAX RATE CAUSES BOTHER

The raise of the tax rate this year by the democratic board of supervisors is not only worrying the taxpayers but has caused Tax Collector Van Dyke and his deputy, Joe Rea, considerable work on the personal property tax roll. The personal property tax payers will have to dig up $391.88 in addition to what they paid the assessor when he made his collections according to law on the rate of the previous year.

There are something like five hundred names on the roll and Mr Van Dyke has decided to notify each one so that he may send in his pittance and thereby avoid having his name appearing on the delinquent tax list. To explain the matter a very concise circular letter has been prepared giving the tax by funds so that the tax payer can figure for himself if he wishes to the difference between a $2 rate and $2.10.

Married In This City

Russell L Spencer and Mary L Smith, both of Potter valley, were married in this city Wednesday by Rev C C Thompson. Both are popular residents of Potter and have many friends who wish them long and continued happiness.

Improved His Opportunities

City Trustee W H Miller returned this week from a visit to the southern part of the state. While absent Mr Miller took opportunity to notice the methods of preparing streets and putting down sidewalks in other progressive cities and has some very valuable pointers for his associates on the board. He also feels considerably improved in health after his extended vacation.

ITEMS ABOUT UKIAH HORSES

District Attorney Robert Duncan has leased his pacing gelding, Schley B, to Charles De Ryder, to be raced on the California Circuit the coming season. Schley B is the fastest prospective pacer ever raised in Mendocino county and is said to be fast enough to go against the best ones in the state.

H B Smith has shipped his trotting mare, Ayeress, to Mr Quinn at Sacramento, who has leased her racing qualities for 1907 and she will be raced in California.

Col Marks' trotting mare, Cecille M, is heavily in foal to Wayland W. The Col has the colt entered in the Futurity Stake to be trotted by 2 and 3 year olds.

Fred Jaspar, has a yearling colt sired by Wayland W that is considered the handsomest thing in the country, with the exception of Wm. Henry's filley by the same horse out of Puss-in-Boots.

Flocks Not Injured

The resent snow storm is reported to have done very little damage among the sheep and cattle in this vicinity. The unusual weight broke down so many trees that the foliage and moss on them provided the flocks with more feed than they would have had if the snow storm had not occured. Dolly Edwards reports that the sheep on the Edwards brothers ranch and neighboring ranges are doing fine.

Offered Good Position

Former treasurer J N Rea has been offered the position as cashier of the Mendocino Bank of Commerce at Mendocino. He has not yet decided as to whether he will accept the position and will probably make a trip to the coast before making up his mind definitely. Mr Rea is one of the most competent accountants in the state and should he accept the Mendocino bank will have secured an ideal cashier.

Some Snow Stories THAT ARE TRUE Are Very Funny

Some Andersonvalleyites Only Miss Incinderation By a Very Small Margin---Snowballs Used to Fight the Firey Demon---Henry Barker Puts up a Job on the Hopland Snowballers---They Went Some

Doc Colwell and Bill Lambert of Boonville are now heroes and have attained a reputation for fire fighters when snow balls are the only things in sight. They had come to this city on a trading and business expedition and decided to return home Saturday morning. They were warned that snow to the depth of several feet covered the road but they were undaunted.

They hitched up and drove down to Tom Charltons blacksmith shop where some bricks were secured and heated in the forge. The hot bricks were then carefully wrapped in blankets and stowed away in the bottom of the rig and the gentlemen placed their feet thereon and congratulated themselves on their foresight and thought of a warm trip home,

They had secured some cigars and shortly after they started they smelt something burning but thinking they were only enjoying the aroma of the weed they were content. The smell grew strongtr and they threw their cigars away. The aroma still lingered and threw away the unlighted cigars they had left but nothing was doing and they discarded an empty bottle they found in the wagon thinking that it might have soured.

Then they found what the matter was. The lap robe began to blaze. They hastily got out of the wagon and found that the whole thing was on fire. Lambert and Colwell both state that if the tugs had not been under the snow they would have burned too. The wagon was destroyed and the lines burned off before they got the conflagration under control by piling snow on tho burning mass.

The situation was precarious. Night was coming on and they were in a snow drift several feet deep. A council of war was held and it was decided to return to Ukiah. They accordingly mounted the horses and as the shades of evening were enveloping the villiage Colwell and Lambert rode into town. The clothes of each was so badly burned that he had to purchase a new suit before again attempting the return trip.

One of the funniest stories of the year is going the rounds in Hopland of how Henry Barker terrified the snow ballers and put a stop to this enjoyable sport in the land of the beer blossom. It is something like this. It was the first snow of the season and the boys were having the time of their lives. Henry Barker was the only male member of the community who had not been a victim of the deadly curves of the mirthful ones.

His habit of coming up for the mail was well known and so the gang laid in wait for him. The stages were drawn up in front of Thatcher's hotel and the streets were thronged with people intent on seeing the fun. The secret was everyones but Barkers. Soon he was espied plowing along through the white stuff toward the post office. Jim Meyer was the leader of the gang and one of his well aimed curves landed on Henry's solar plexus.

The cry of delight of the gang died in its incipiency as the flash of a pistol told that Barker was armed. Meyers was in line with Barker's batteries and dropped with a cry after the first shot. Barker advanced and kept shooting and Jim tried to crawl under the snow but couldn't. He could feel the ballets tearing him to pieces as Barker was explaining to him that it was beneath the dignity of a gentleman to pick on an old man.

The ladies on the stage screamed murder and fainted and some of the merry makers concluded they needed a rest and started for Duncan springs. Barker calmly kicked the prostrate form of his assailant, pocketed his pistol and proceeded on his way to the post-office. Meyers recovered in a few minutes and although he was suffering from the wounds managed to crawl to the nearest refreshment place and medical aid was summoned.

While Jim's anatomy was being searched for bullet holes Barker walked in and threw his pistol on the counter and called for the drinks. He was pleased beyond measure. Then the light commenced to dawn Meyers recovered immediately and the coldest blooded murder in the county was turned into a love feast. Some one had put Barker on and he had loaded his pistol with blank cartridges. Jim however was not like the man who could not take a joke and laughed until he cried and everyone laughed with him. However it would undoubtedly be very dangerous for a man to go to Hopland and mention snowballing as a pastime.

Will Renovate Hall

York & Cleland report that they will immediately commence completing their opera house. The new portion will be finished and the whole interior of the building will be repainted and papered. The seating capacity of the hall is about seven hundred including the galleries and with its new coat of paint and paper it will be one of the neatest and most commodious little opera houses in the state.

Rain Fall To Date

Dr George McCowen hands in the following report of the rainfall: Month, 5.20; season, 17.92. Rainfall last season to this date, 22.86; for the month, 17.20. Temperature for the week is as follows: Max 63, min 26.

Prof B L Cleland received a letter this week from Arch McClure stating that he was now located at Arcata. He is interested in the Arcata Hardware company and reports that he is doing well.

Government Publications And Seeds

A letter was recieved this week from Congressman McKinlay stating that he is still on duty at Washington and although he is very busy he is always ready and willing to do anything that will accomadate his constituents. Any of the readers of the Press who desire any government publications or garden or flower seeds can secure the same by addressing him. He states that he will be happy to give any of these matters his personal attention.

George Moore Dead

It is reported that George Moore of Eureka died Wednesday with pneumonia. The deceased was the son of Mrs Reuben Moore of this city and spent his boyhood days here where he had a host of friends.

Mrs H L McElroy and son and Mrs Henry Bowen and daughter of Willits spent the week in town visiting relatives and friends.

SILENT REAPER TAKES A FLOWER

One of the saddest deaths of the year occured in Fort Bragg Wednesday of last week, when Edna, the daughter of Treasurer and Mrs George A Johnson of this city, passed away. The occurrence was made sadder because the parents did not even know of their loved ones illness and were not notified of her death until Friday morning, the delay being caused by communication being cut off by the storm. Chester Scott went from Fort Bragg to Sherwood and from there telephoned to this city and Mr and Mrs Johnson took the train to Sherwood and went to Fort Bragg with Mr Scott.

The deceased was a particularly bright and lovable girl and was just entering into womanhood having just passed her eighteenth birthday. She was honored and respected by all and her untimely demise cast a deep pall of gloom over the community of Fort Bragg where she had spent her life time. For sometime past she had been one of the trusted employees in Hardells store.

She had not been in the best of health for some days having suffered from a cold. She had taken a few days rest but her devotion to the business of her employer caused her to return to work before she had fully recovered and the result was pneumonia. Medical skill and loving hands were unable to combat with the disease and death releived the sufferer Wednesday morning. Interment took place Saturday. The many friends of Treasurer and Mrs Johnson in this city and the coast extend their heartfelt sympathy to the bereaved parents in their hour of trouble.

NEARLY ALL THE CITY TAXES IN

Marshal DeMerrit reports the tax collections for the Town of Ukiah city for the present fiscal year as $11,649.75. This is the largest amount of taxes evor collected for city purposes a large portion of the increase being due of course to the raise in the assessment roll and the special library tax. The The efficiency of Marshall DeMerritt as a collector is shown by the fact that only a few dollars over $100 remain unpaid.

Of course most of this will be collected and the delinquency will probably be only a few dollars. As was the case last year there will probably be no delinquent list published this year as the amount of the delinquency will be so small that it will not be worth while fooling with. Certainly this promptness in payment of taxes speaks well for the prosperity of the community.

The Cooley Company Here

The Frank Cooley company have been playing to crowded houses this week at Marks opera house. Mr Cooley and wife have made a hit with the theater goers in this section and are greeted every where with the same tokens of esteem which sends a thrill of joy to the heart of the manager of the box office. Their success is deserved as they always put on a good show at popular prices and the people feel that they are getting their moneys worth. Furthermore the members of the company are very gentlemanly and ladylike and also very different from the members of some of the one night stands that have visited Ukiah. The plays for tonight and tomorrow night are especially good and the matinee to-morrow afternoon of "Rip Van Winkle" is sure to please the little folks. May the Cooley company return to Ukiah often and meet with unlimited success.

Washington's Birthday Dance

There will be a grand ball at York & Clelands hall Friday night February 22. The best of music will be furnished and the boys will see that you have a good time. Special attention will be given the floor and the dance will be the event of the season.

UKIAH SETS A CIRCUIT DATE

A horseman's harness horse convention was held at Pleasanton last Saturday to arrange for a California circuit for 1907. H B Smith, Thomas Charlton and Col Abe Marks were invited to be present in the interest of Ukiah, but were unable to attend. Ukiah, however, was given a date, which would come immediately following the Sonoma county races, and were allowed to have three days sport with three races each day. Ukiah should feel proud in getting this privilege as its track will be the only half mile track in the circuit.

Mr. Smith says if the business men will contribute as liberally in this as they have in the past there will be no trouble in giving prizes to the amount of $3000. This will bring the best horses in California to Ukiah, but which will be taken east to race if the circuit is not perfected. This meeting should not interfere with a running meeting two weeks later in addition to the harness meeting.

There would be no objection to having a mixed meeting, of runners and trotters at the same time if there were sufficient stalls at the track to accomodate both classes of horses. Ukiah missed having a race meet last season for the first time in many years, and the present season ought to be one far ahead of anything of the kind ever given in Ukiah.

Badly Hurt At Greenwood

Tom Wyley, who is better known as the "Crew boss at Camp 2," discharged four Italians last week. The Italians took their time checks, then refused to leave camp, and began to get the other Italians to quit work. Wyley ordered them "Down the gulch," but they became saucy and offered to fight saying they would not go till they got ready and would take the other men with them. Wyley drew his gun and ordered the Italians on the train, they obeyed, came to town and swore out a complaint charging Wyley with using a deadly weapon. The case was tried before Judge Walker, who dismissed it. Wyley remained in town, and Monday night, while under the influence of liquor, went down to the Italian quarters and entered an Italian saloon. At 2 o'clock Tuesday morning some men working on the night shift in the lumber yard, found Wyley behind a lumber pile, mangled and in a bad condition. Dr Franklin, Greenwood's physician, was called in to dress the wounds, and an ugly gash in the back part of the skull and his and head were badly cut and bruised in several places—Point Arena Record.

Christian Church Notice

The contest between the Ukiah and Healdsburg Christian Sunday schools is quite close so far and a corresponding interest is evinced by pupils and friends of the local school. We hope to enlist many of those who are at present in no Sunday school. Healdsburg was ahead in two points last Sunday and Ukiah lead in the same number the week before. According to this we ought to lead again next Sunday. The C E and senior class are expecting to have an evening of entertainment soon. Miracles: The Gift of Tongues, will be the subject for Sunday evening's sermon if the rain is not falling. This is the first of a series of subjects, the next being, The Gifts of Healing. Special music.

Mr and Mrs A P Brunner left this week for a visit in Santa Cruz and other winter resorts in the southern part of the state. Paul Keller and Oscar Weger are assisting at the hardware store during Mr Brunners absence.

J H Hill, the genial Potter valleyite who runs the hotel, was in this city last week on a business visit. He reports everything in that section in a very prosperous condition and is well pleased with the future outlook.

MANY TOURISTS IN CALIFORNIA

MORE EASTERN PEOPLE VISITING STATE THIS WINTER THAN EVER BEFORE.

Thirty Thousand Are Said to Be This Side of the Sierras, Who Have Expended $34,000,000.

San Francisco, Jan. 22.—Winter tourists from the East are spending a large amount of money in California this season. There are not less than 30,000 of them this side of the Sierras, according to computation made by both the Southern Pacific and Santa Fe people, and in their opinion this number is larger than ever before. Ninety per cent of them come from east of Kansas City. These Easterners pay, all told $34,000,000 for their winter outing. Of this sum the railroads get in fares $5,000,000, and the Pullman Company $2,000,000.

The remaining $27,000,000 is spent by the tourists within the confines of this State. The railway authorities figure that each tourist spends not less than ninety days in California. Each one is estimated to spend for hotel and other expenses fully $10 a day.

It is also calculated that of the $27,000,000 the tourists expend for their outing here, about $17,000,000 of it is left behind them south of the Tehachapi and the remaining ten millions in the central and northern parts of the State.

There are more men than women among these tourists, and the studies of the railroad officials on this winter's travel show that the men spend more than twice as much as the women do.

GRAZING RATE[illegible].

Price Established for Grazing Stock on Klamath Reserve.

Redding, Cal., Jan. 21.—Grazing rates on the Klamath forest reserve have been fixed and the open and closing dates of the season set. The summer grazing season for cattle and horses will be from May 1st to October 31st, and the fees will be: For horses, 35 cents a head; cattle 25 cents. For the longer season from April 1st to November 29th, corresponding rates will be 40 cents and 30 cents. For the year-long period the charges will be 50 cents for horses and 40 cents for cattle. Summer grazing for sheep will be from May 15 to October 31, at 8 cents for sheep, and 10 cents for goats. For the year-long permit, sheep 15 cents and goats 18 cents. Hogs will be grazed only on year-long permits, at 20 cents a head.

The Secretary of Agriculture has authorized permits for grazing 9,750 head of cattle and horses, 4,300 sheep and goats, and 3,900 hogs. Applications for permits must be mailed to R. L. P. Bigelow, supervisor in charge, Yreka.

Landmark Being Torn Down.

Santa Barbara, Cal., Jan. 22.—A landmark of the State is being torn down in Santa Barbara, where a part of the famous old De la Guerra family residence, the executive mansion of the Military Governor of the Southern Provinces during the Spanish rule, is being demolished. The entire building is made of adobe, and in the rear of the fine old court there has stood a large two-story adobe structure, used as old Governor de la Guerra's strong-room, and on the upper floor as a school. The building has been rendered unsafe by recent heavy rains, and after having stood for 82 years is being torn down.

Irregular Gas Causes Death.

Los Angeles, Cal., Jan. 22.—John Smith, aged 82 years, was asphyxiated some time during last night at the residence of his grandson, John Warren, a contractor.

Coroner's deputies ascertained that the old man fell asleep while reading, with a small gas stove burning in the room. During the night the supply of gas was shut off, as is the daily custom, and later the supply was renewed. Smith's death is the fourth, within a few months, attributed to arbitrary failure of the gas supply.

Dead counselors are the most instructive because they are heard with patience and reverence.—Johnson.

SOLONS TAKE UP JAP QUESTION

ADMISSION OF JAPS IN PUBLIC SCHOOLS UNDER CONSIDERATION IN LEGISLATURE.

United States Begins Action in San Francisco to Enfore Treaty Rights With Japan.

Sacramento, Cal., Jan. 19.—A concurrent resolution introduced in the Legislature, touching the admission of Japanese into the public schools of San Francisco and the action brought in the Federal courts in the matter, was the feature of the day's session yesterday in both Senate and Assembly.

The resolution calls for the Attorney General of the State to appear in the actions brought in the courts, and he is to assist the authorities of the City and County of San Francisco in defense of the actions.

Senator Caminetti presented the resolution in the Senate and this aroused a lively debate, resulting in reference to the judiciary committee which will report back on it next Tuesday morning. This resolution and the introduction of a few bills and petitions consumed the entire session of the Senate.

In the Assembly, Grove L. Johnson presented the concurrent resolution, which will be made a special order of business in the Assembly Monday morning at 11 o'clock. Mr. Johnson, in speaking for the resolution, said in part:

"This action in the Federal courts is the most important that has been before the State since the War of the Rebellion. It is a question of State sovereignity and will decide whether the courts, backed by the President, can force us to admit Japanese into our schools."

Numerous bills were introduced and referred to respective committees and, at 12:30, the Assembly adjourned.

United States Sues in Behalf of Japs.

Washington, Jan. 19.—The United States has begun two suits in San Francisco for the purpose of enforcing provisions of the treaty with Japan giving to the Japanese equal school advantages. One of the actions is brought in the Supreme Court of the State of California, in the name of a Japanese child, for the purpose of obtaining a writ of mandamus to compel his admission to one of the public schools from which he is excluded by the action of the Board of Education. The proceeding in the second suit is a comprehensive bill in equity filed by the United States in the Federal Circuit Court, in which the members of the Board of Education, the superintendent of schools and all of the principals of various primary and grammar schools of San Francisco are made defendants.

Plans Big Orange Grove.

Riverside, Cal., Jan. 19.—E. E. Hendricks, a Carbondale, Pa., millionaire, has purchased 10,000 acres of land in the Moreno valley, including the Moreno and Alessandro townsites, a half million dollar property. He intends to develop the water rights and plant the largest orange grove in America. Ten thousand acres have already been piped with water, at a cost of $380,000.

School Boy an Assassin.

Smolensk, Russia, Jan. 19.—The chief of the rural administration, N. Krollau, was killed last night by a school boy, as the chief was leaving a concert hall. The boy, who fired five shots from a revolver at his victim, was immediately shot and killed by an officer who was in attendance upon Krollau.

His Bed Was Blown to Pieces.

San Jose, Cal., Jan. 22.—Tony Draco, of Morgan Hill, was seriously injured yesterday by the explosion of six sticks of dynamite that he was drying in the oven of his stove. The back of the house was blown out and the bed upstairs in which his two children were lying was blown to pieces, but neither they nor his wife, who was down stairs, were injured. Draco will recover.

Death Penalty Abolished.

Topeka, Kas., Jan. 19.—The House yesterday voted to abolish capital punishment.

A Resume of the
COMING AND GOING
Of People You Know

William Ray came up from Cloverdale last week and reports that he has been quite ill. He is a living refutation however to the report that he had gone to the happy hunting ground.

Mr and Mrs Storey returned last week and will make their home in this city.

Louis Anker is laid up with a badly wrenched ankle. He stepped off the dray the other day and turned his foot on a rock.

Bead wrist bags (the latest novelties) at a big reduction at Joseph's Jewelry store.

Fosters Chili house has been opened in the building formerly occupied by Jacks chop house. Ukiah is now well provided with eating places.

Miss Madge Ellis will leave this week for a short visit in Sacramento.

Notes From Laytonville

LAYTONVILLE, Jan 21—I have seen the avalanche shoot down the Alpine ravine and heard it thunder into the cavernous depths below; I have viewed the peaks of the Andes as they reared their heads into regions of perpetual snow, and in those stilly solitudes they chanted hyms of praise to Almighty God; I have seen the sphinx and pyramids of Egypt under the soft rays of the crescent moon and heard their silent voices tell the tale of their 4000 years, while the lion roared from the Nubian desert and the Nile swept majestically toward the sea; I have seen the iceberg break away from its parent glacier and fall with tremendous sound into the sea and float silently away; I have seen the Laytonville hall beautified with the flowers of spring and evergreen boughs and congregated there, in dazzling splendor, all of Laytonville's beauty and her chivalry; I have seen the sun set on Farleys Peak and have seen its bald top gilded with almost palpable gold, while the Farley's Peakers clapped their hands and shouted for joy and yet I have not seen such a "tarnation" big snowstorm in Long valley before nor have I heard so many contradictory statements concerning it.

Uncle Jack Farley is quite sick at his home in Long valley. The frequent storms and sudden atmospheric changes together with his great age has much to do with his present illness.

There was once a buzzard, who when the rains of winter drenched him and the nipping frosts pinched him and the big snows starved him, spake aloud saying, "Next summer I am going to build me a house." But when summer came, he alighted on a crag, spread his wings and turned about that his back might catch the more direct rays of the sun and murmured, "What need have I of a house?"

Installation of officers of Cahto Lodge I O OF No 206 will take place at their lodge in the town of Cahto on Jan 26, 1907. A supper will be given by Mine Host, Mart Baker and a general good time is predicted with great good feeling, a great feast of reason and much flow of soul.

Ernest Talkington had quite an experience one day last week. While returning from Sherwood his horse shied, tipped over the buggy, dragged Ernest a hundred yards or so, at a terrific rate and scattered buggy and harness from Holland's Gate to the top of Dutch Henry Hill—Do you know the situation of those two "pints?" If you dont, what is that to me;—Ernest was uninjured.

Court Dyer has been laid up for a week with a severe attack of la grippe and likewise Addison Baugh with the measles.

Any man, woman or child who will deliberately go out in a snow-storm to shoot quail—ah now! what's the matter I don't mean you—to resume I repeat, go out in a snow storm to shoot quail, when hunger has so tamed them that they will come into the dooryard to seek food, will never reach those celestial abodes to sing in that heavenly choir, "Jesus Lover of My Soul" and "Nearer My God to Thee," sung over his remains to the contrary, not-with-standing,

Birds in their little nests agree,
And 'tis a shameful sight
When children of one family,
Fall out and chide and fight.

K C BRIGGS WAS BADLY INJURED

Auditor C W Mathews received word Wednesday night that his brother-in-law, K C Briggs, had been quite seriously injured at the logging camp at Eel river by a log rolling over him. Yesterday word was received that the injury was not as serious as reported and that the injured man had a chance for recovery. Mr Briggs was foreman of the crew for the Snow Mountain and Power company. In some way he fell across a rock and the log rolled on him crushing him in the chest. The injured man is well known in this city and his many friends hope that he may speedily recover from the effects of the accident.

An Ancient Dog Story.

A delightful dog story has been exhumed from the misty past and is now preserved in the records of an old court at Southampton, England. It dates from 1587 and must be told in the quaint terminology of the period: "Item we present yt fit the tyme of our sytting ther hath ben complaynt made of another dogg, betwene a masty & a mungerell, of Peter Quoyte's which hath stronng qualyties by himselfe, which goying lose abrode doth many times offend the neyghbors & wyll fetch out of ther howses whole peces of meate, as loynes of mutton & veal & such lyke & a pasty of venison or a whole pownde of candells at a tyme, & wyll not spoyle yt by the way but carry yt whole to his masters howse, which being a profytable dogg for his master, yet because he is offensyffe to many yt is not sufferable, wherfor his master hath forfeyt for every time 3 shillings 4 pence [83 cents]. And be yt comaunded to kepe him tyed or to putt him away upon payn to forfeyte for every tyme he shal be found in the streets 3 shillings 4 pence."

Well Upholstered Furniture.

When Paradise Corner organized its woman's club it was determined that everything should be done in the most businesslike way. "My husband makes so much fun of women's meetings," said one of the youngest members. "He says women never remember to say 'Mrs. President' or speak of 'the chair' or 'the secretary' — that is, he says they are liable to forget at any time and mention names instead, but I told him we shouldn't, any of us.

"Why, as I told him, we are so particular that when we had that extra meeting at Miss Lowden's, and it was so hot and Miss Ransom looked about baked in her new coat, Miss Lowden feels so strongly that we mustn't ever run to careless ways of speech that she said, 'Wouldn't it be wiser for the chair to remove its coat, though it is so awfully becoming to it?' And it really did sound a little queer till you thought it over."—Youth's Companion.

Tropical Skies.

To northern eyes the intense brilliancy of the tropical and semitropical sky comes as a revelation. Sometimes at noon it is painfully dazzling, but the evening is a vision of prismatic light holding carnival in the air, wherein Milton's "twilight gray" has no part. Unless the sky is held in the relentless grip of a winter storm the orient holds no gray in its evening tones; these are translucent and glowing from the setting of the sun until the stars appear. In Greece we are dreamers in that subtle atmosphere, and in Egypt visionaries under the spell of an ethereal loveliness where the filigree patterning of white dome and minaret and interlacing palm and feathery pepper tree leaves little wonder in the mind that the ornamentation of their architecture is so ravishing in its tracery.—Century.

The Scented Court.

"The scented court" was the name by which the court of Louis XV. was known throughout Europe, on account of the rage for perfumes which then prevailed in France. The expenditure of Mme. de Pompadour for this one branch of her toilet amounted to $100,000 annually. It became the fashion for the host or hostess of a great entertainment to signalize to their guests what particular perfume was to be employed for scenting their rooms on the night for which the invitations were issued, and they were expected to use no other, so that the delicate effect of a unity of odors might be produced. At court a different perfume was presented for each day of the week.

Care of the Eyes.

On rising in the morning the eyes should be bathed gently in cold water. Twenty passes are said to be decidedly strengthening. While using them closely they should be rested at intervals of an hour or two, for the strain of constant reading, etc., is like that of extending the arms at a certain height immovably. Imagine, then, the taxing of the eyes, which cannot complain save after years of irreparable neglect. When dust settles in the eyes warm water will soothe them of any inflammation.—Exchange.

Honors Easy.

"This silver dollar," began the cashier of the restaurant as he scrutinized the coin—

"Is bad, eh?" interrupted the sour looking patron.

"Well, it doesn't look very good."

"That so? Just bite it, and if it's anything like the dinner I had it'll taste even worse than it looks."—Philadelphia Press.

A Small Boy's Tears.

"What are you crying for, my poor little boy?"

"Boohoo! Pa fell downstairs."

"Don't take on so, my pet. He'll get better soon."

"Sister saw him fall all the way. I never saw nuffen! Boohoo!"—Sporting Times.

A Matter of Taste.

"Can any little boy," asked the new teacher, "tell me the difference between a lake and an ocean?"

"I can," replied Edward, whose wisdom had been learned from experience. "Lakes are much pleasanter to swallow when you fall in."

Dearer.

"George," murmured the young wife, "am I as dear to you as I was before we married?"

"I can't exactly tell," replied the husband absentmindedly. "I didn't keep any account of my expenses then."

We must be sure to give due weight to the good side of every event that has two sides.—Eliot.

Picking a Way Across a Mountain.

Picking a way is good fun. You must first scout ahead in general. Then you determine more carefully just where each hoof is to fall. For instance, it is a question of whether you are to go above or below a certain ledge. You decide on going below because thus you will dodge a little climb and also a rather slippery looking rock slide. But on investigation you find, hidden by the bushes, a riven bowlder. There is no way around it. So then retrace your steps to the place where you made your first choice. The upper route again offers you an alternative. You select one; it turns out well; forks again. But you discover both these forks utterly impracticable. So back you must hike to the very beginning to discover, if you can, perhaps a third and heretofore unconsidered chance. Then, if none are good, you must cast in review the features of all your little explorations in order to determine which best lends itself to expedients. This consumes time, but it is great fun. —Outing Magazine.

Milk Fed Kid.

"This is milk fed kid," said the leather merchant. "It is very soft and fine and pliable, isn't it?"

He smoothed the delicate white skin and went on:

"All first rate kid is milk fed. It comes to us from the French mountaineers. These men are superb goatherds. Their immense flocks supply the world's kid gloves. The goatherds of France are careful to keep their kids on an exclusive milk diet. They pen the little animals with their mothers in rocky inclosures, where there is no grass. At that the kids often escape, often manage to eat solid food, for, with almost human perversity, kids that shouldn't be weaned wean themselves early, whereas calves that should be weaned cling like grim death to milk. One meal of grass will spoil a kid's skin, will rob it of its softness and pliability, will harden and coarsen and stiffen it; hence, when you buy kid gloves always choose the milk fed kind."—Cincinnati Enquirer.

The Name Tuxedo.

The Tuxedo coat got its name from the fashionable colony at Tuxedo, and the original name of the place was Duck Cedar. Lots of the old natives still call it Duck Cedar. George Tidabech, one of the original settlers of the country, named the place. The lake was then much smaller than it is now and was simply known as the fish pond. One day old Tidabech and his sons had gone there to shoot game. The ducks were very plentiful; numerous cedar trees were growing out of the rocks along the shore.

"Let us give this place a name," said the old man. "Let us call it Duck Cedar."

So Duck Cedar it was and continued to be for many years until the name was changed to Tuxedo.

Mark Twain on Advertising.

Mark Twain in the midst of a panegyric on advertising told a remarkable story.

"There was a man," he said, "back Iowa way who was so pleased with an advertisement in the local paper that he wrote the following testimonial letter to the editor:

"Mr. Editor: Sir—After selling all I could, giving barrels away, stuffing my hogs till they would eat no more, I still had last fall about 200 tons of big, juicy, fine flavored apples left on my hands. I inserted in your valuable paper an ad. that I was willing to send free a barrel of picked fruit, freight paid in advance by me, to any one who would apply, there being, of course, no charge for the barrel. You will hardly credit it, but that little forty cent ad. cleared out my whole stock of apples, and I could have disposed of five times the quantity on the same terms."

Drinking of Healths.

The drinking of healths in wine or liquor or other kinds originated in Britain at the time of the rule of the Danes, before Alfred the Great finally succeeded in driving them from the land. Owing to the assassination of Englishmen by the Danes, it became a custom to enter into compacts for the mutual preservation of health and security. These compacts were usually pledged in wine, and hence the custom of drinking healths.

A Spelling Test.

The catch question has often been asked, "How many words in the English language end in dous?" The common answer is four—hazardous, jeopardous, tremendous and stupendous. As a matter of fact, however, there are five, and the word often overlooked is hybridous, meaning mongrel or of mixed sort.

Driven From Home.

"Jinx had to put up at the hotel last night. He had quarreled with his cook."

"Why, the idea! What was Mrs. Jinx doing, to stand for a thing like that?"

"Mrs. Jinx is his cook."—Fort Worth Record.

Startled the Doctor.

An Aberdeenshire doctor who recently attended a woman was somewhat staggered at receipt of the following epistle from her: "Please come and vaccinate the child you gave birth to last week."—Caledonian Medical Journal.

A Phrenological Point.

We have never yet seen a captain of a varsity crew who possessed a poor or retreating chin, a weak or turned up nose, a small neck or a diminutive brow or irresolute eyes.—Phrenological Journal.

No man's abilities are so remarkably shining as not to stand in need of a proper opportunity, a patron and even the praises of a friend to recommend him to the notice of the world.—Pliny.

YOU SHOULD TRADE HERE

It is not the loss of the small profit the local dealer should make on a dollar's worth of goods you buy from a catalogue house that hurts your community. It is the loss of the dollar to the community.

Supposing you go to town and buy a dollar's worth of sugar. Under ordinary conditions the man you buy that sugar of makes five cents; that's about all the profit there is in sugar under the present state competition, and many dealers sell it at cost and even below.

The chances are that your local dealer will pay that dollar out to some person who lives in the town for rent or produce or labor, or some other thing that he needs and can buy at home. Supposing that it goes to your neighbor for potatoes. He passes it along to another local merchant for tobacco, and that merchant passes it to one of his clerks for labor, and the clerk buys candy for his girl, or spends it for something else.

Don't you see that while the dollar keeps moving it is manufacturing prosperity as it goes? Every man who receives it makes a profit off it, and finally it belongs to the community, because the residents of the community have honorably earned it and it stays at home.

Resolution Ordering Work, To Be Done.

RESOLUTION ORDERING STREET WORK NO. 3

Resolved, that the street work herein described is required by the public interest and convenience, and the Board of Town Trustees of the Town of Ukiah City, County of Mendocino, State of California, hereby orders the same to be done according to the specifications contained in its ordinance No. 121 and under the direction and to the satisfaction of the Superintendent of Streets of said town, to-wit:

That cement sidewalks and redwood curbs be constructed on the south side of Perkins street from the westerly curb line of Main street to the east end of the cement sidewalk now constructed on the north side of the Hotel Cecille; also on the south side of Perkins street from the easterly curb line of Main street to the right of way of the California Northwestern Railway Company; also on the east side of School street beginning at a point 60 feet south of Smith street and running south to Standley street; also on the east side of School street from the end of the cement sidewalk now constructed on the west side of the building now used as the United States postoffice to the northerly curb line of Church street; also on the west side of School street from the end of the cement sidewalk now constructed thereon to the northerly curb line of Church street; also on the north side of Smith street from State street to the easterly curb line of School street; except where cement sidewalk has already been and is now constructed: also on the north side of Smith street from School street to the easterly curb line of Oak street, except where cement sidewalk is now constructed; also on the west side of State street from the northerly curb line of Henry street to the end of the cement sidewalk now constructed north of the entrance to Eldred's stable and also known as the Hillman property; also on the south side of Perkins street from school street to the easterly curb line of Oak street, except where cement sidewalk is now constructed; also on the north side of Perkins street from School street to the easterly curb line of Oak street except where cement sidewalk is now constructed, also on the north side of Standley street from School street to a point 60 feet east of Oak street except where cement sidewalk is now constructed

Said sidewalks are to be "full width" walks as defined in Ordinance No. 121 of said town, passed October 17, 1904, and said sidewalks and said redwood curb are to be constructed of the materials and in the manner and in accordance with the specifications contained in the said Ordinance No. 121, which said ordinance is hereby referred to and made part hereof as if incorporated herein.

The Republican-Press, a weekly newspaper, printed published and circulated in said town, is hereby designated as the newspaper in which this resolution and notice of said work, inviting sealed proposals, shall be publised in the manner and form and by the persons required by law.

The city clerk of said town is hereby directed to post conspicuously for five days, on or near the chamber door of said Board of Trustees, in the manner and form required by law, a notice, with specifications, inviting sealed proposals or bids for doing said work; and said clerk is hereby directed to publish for two days, in the manner and form required by law, a notice of said work, inviting sealed propasals for doing said work and referring to the specifications posted or on file, in the said newspaper hereby designated for that purpose as aforesaid. Said notice shall require a certified check, or bond, or either, as prescribed by law, and for an amount not less than ten per cent of the aggregate of the proposal. Said clerk is also hereby directed to publish this resolution for two days, in the manner required by law, in said newspaper designated for that purpose as aforesaid.

I hereby certify that the foregoing resolution was passed by the Board of Town Trustees of said Town of Ukiah City, on the 7th day of January, 1907, by the following vote.

Ayes: Trustees Lucas, Marks, Smith and Weldon.
Noes: Trustees none.
Absent: Trustee Miller.

LEE CUNNINGHAM,
City Clerk of said Town of Ukiah City.

SUMMONS.

IN THE SUPERIOR COURT, COUNTY OF MENdocino, State of California.

Ethel H. Anderson, Plaintiff Vs. George W. Anderson, Defendant.

Action brought in the Superior Court of the County of Mendocino, State of California, and the Complaint filed in the office of the Clerk of said county of Mendocino.

McNab & Hirsch, Attorneys for Plaintiff.

The people of the State of California send greetings to George W. Anderson, Defendant.

You are hereby directed to appear and answer the complaint in an action entitled as above, brought against you in the Superior Court of the County of Mendocino, State of California, within ten days after the service on you of this summons—if served within this County; or within 30 days if served elsewhere.

And you are hereby notified that unless you appear and answer as above required, said Plaintiff will take judgment for any money or damages demanded in the complaint, arising upon contract, or she will apply to the Court for any other relief demanded in the complaint.

Given under my hand and the seal of the Superior Court of the County of Mendocino, State of California, this 25 h day of January, D., 1936.

RICHER THAN JOHN D.

LUMBER KING HAS SILENTLY AMASSED LARGEST FORTUNE KNOWN IN HISTORY.

New York, Jan. 17.—People who wonder at the vast wealth of John D. Rockefeller will marvel at the recent statements that have placed F. Weyerhaeuser on a higher plane of opulence than the oil king. Mr. Weyerhaeuser is now conceded to be the richest man in the world.

Comparatively obscure and living an unostentatious life, Mr. Weyerhaeuser was never exploited before the public as was John D. When the revelations did come into the exact amount of his wealth they seemed fabulous. The only idea that can be gleaned of the great wealth of this man is through the statement that his fortune eclipses those of the oil king.

Mr. Weyerhaeuser's great wealth would never have been known had it not been for the quiet investigation of a near business associate into his moneyed interests. Living secure in his retreat of silence, satisfied with the title of lumber king, the lately discovered multimillionaire never confided even to those who were close to him in his big deals.

When the announcement did come that a man lived richer than John D. Rockefeller the statement seemed incredible. In the world's history Mr. Weyerhaeuser is now accepted as the richest man. The only explanation that can account for such a career is that the lumber king amassed his fortune quietly, content to let other share the limelight.

DIRECT VOTE FOR SENATOR.

New Nebraska Senator Comes Out Strong in Favor of Such Course.

Lincoln, Neb. Jan. 16.—Norris Brown was yesterday elected United States Senator.

In his speech of acceptance he came out openly for the selection of United States Senators by direct vote of the people. Referring to the tariff Mr. Brown said:

"I believe the present industrial system of the country is right and should be maintained. Tariff schedules may be changed but the protective principle should not be abandoned or impaired."

He said the Government has the power to compel railroads to treat the people right and that laws should be passed to secure that end. He pledged his support to President Roosevelt's administration.

Indian Lands Bring Great Sum.

Washington, Jan. 21.—By the sale of the pasture lands of the Kiowa, Comanche and Apache Indian reservation in Southern Oklahoma, a greater sum has been realized than any sale of public lands ever before bought.

About 300,000 sealed bids, covering 375,000 acres, were received. A bidder was permitted to bid on as many quarter sections of land as he desired, but each bidder will be awarded only one quarter section. The average price received for the land is $12.19 an acre. Thus the Indians will realize from the sale $4,574,000, or an average of about $1,200 for each Indian interested.

Quits Business for the Senate.

Denver, Jan. 17.—Simon Guggenheim, who has been elected United States Senator for Colorado, yesterday announced his resignation as an official from all business concerns with which he has been connected. The most important of these are the Western Mining Company of Leadville, the Guggenheim Exploration Company of New York, the United Lead Company of New York, the Federal Lead Company of Missouri, the American Smelters Securities Company of New York, the United States Zinc Company of Pueblo, and the American Smelters Steamship Company.

Canal Boring Report.

Washington, Jan. 17.—The report of borings on the proposed site of the dam at Gatuan for the Panama canal, which was called for by the Senate Committee on interoceanic canals, has been received and will be considered at a meeting on Tuesday next. Chairman Shonts of the canal commission has written a letter to Senator Millard, chairman of the Senate committee, declaring the borings are satisfactory and there can be no doubt of the stability of the foundation for a dam at Gatuan.

No Batteries for Hawaii.

Washington, Jan. 17.—The House today passed the fortifications bill.

The amendment offered yesterday by Representative Keefer that $100,000 be appropriated for the construction of coast batteries in the Hawaiian Islands was defeated. The measure carries $5,411,883, which is $357,890 more than was appropriated for the same purpose at the last session.

Bliss Native Herbs

THIS famous household remedy is not a "patent medicine" in any sense—but a delightful combination of roots, herbs and barks such as our grand parents used for Rheumatism, Indigestion, Torpid Liver, Blood Diseases and a run down system. Its simple ingredients are as harmless as milk. It contains no minerals, no alcohol, no poison of any kind. Bliss Native Herb Tablets are free from coating and begin their healing work as soon as swallowed. Many people in this locality have used them. Many more testify in our Almanac, to be had free of cost. Each box contains 200 tablets for $1.00 and a printed Guarantee to cure or refund the money. The medicine is not sold in drug-stores, but only by

ORDER TO SHOW CAUSE

IN THE SUPERIOR COURT OF THE STATE OF California in and for the County of Mendocino.

In the matter of the estate of John P. Hoffman, Deceased.

petition that it is necessary and, also, that it would be for the advantage, benefit and best interests of the estate and those interested therein to sell the whole of the above described realestate for the purpose of paying the expenses and charges of administration.

NOW, THEREFORE, IT IS HEREBY ORDERED that all persons interested in the said estate be, and they are hereby, directed to appear before the above entitled Court on Monday, the 11th day of February, 1907, at 10 o'clock A. M. of that day, at the courtroom of the said Court in the courthouse at the Town of Ukiah City, County and State aforesaid, to show cause why an order should not be granted to said administrator and administratrix for the sale of the said realestate and

IT IS HEREBY FURTHER ORDERED that a copy of this order be published once a week for four successive weeks before the time hereby appointed for hearing the said petition in the "Republican Press" a newspaper printed and published in the said County and state.

so many negro soldiers had been dismissed, and once dismissed they desired them to stay dismissed. They, and all who are at all familiar with the conditions in the south, are certain that a revocation of the order of dismissal would be even more effective in inciting the negro population to make claims which no white population will stand, than even the favor shown by the president to Booker Washington, the abolition of the Indianola postoffice, the imposition of a colored collector of customs on Charleston, or the appointment of a

For that Dandruff

There is one thing that will cure it—Ayer's Hair Vigor. It is a regular scalp-medicine. It quickly destroys the germs which cause this disease. The unhealthy scalp becomes healthy. The dandruff disappears, had to disappear. A healthy scalp means a great deal to you—healthy hair, no dandruff, no pimples, no eruptions.

INVESTIGATING MERGER

FRANKLIN K. LANE COMMENCES INQUIRY INTO SOUTHERN PACIFIC METHODS.

Seattle, Wash., Jan. 22.—Franklin K. Lane, United States Interstate Commerce Commissioner, faced a distinguished assembly of railroad officials when he opened inquiry into the Harriman merger and the car shortage in the Northwest. The sessions are being held in the courtroom of the courthouse.

Many witnesses are in attendance. The case for the Government is in the hands of C. A. Severance of St. Paul. J. C. Stubbs is here on a special train of four cars to look out for the Harriman end of the fight. He has with him Judge Lovett of New York, Harriman's personal counsel, and W. W. Cotton of Portland, Harriman's Northwestern adviser, and P. F. Dunne, attorney for the Southern Pacific at San Francisco. Attorneys and high traffic officials of the Northern Pacific and Great Northern are present.

65 Cases Set for Commissioners.

Washington, Jan. 22.—The first aggressive campaign under the new railroad law has been instituted by the Interstate Commerce Commission. Sixty-five cases have been set for hearing in different parts of the United States and this work will occupy the Commissioners until March. Commissioner Lane, who is now in the West, will take the Pacific Coast cases, Judge Prouty will take charge in Denver and Oklahoma and parts of Texas. Clark will cover the Middle West and Judge Clements will make a round-up of the South.

There will be hearings at San Francisco, Los Angeles, Denver, Houston, Fort Worth, Oklahoma City, Wichita, Cedar Rapids, Kansas City, Omaha, Chicago, St. Louis and other places.

The Nazareth of Today.

Nazareth, where Jesus spent his boyhood, calls to mind a picture of a hazy, half mystical village of the far east. The Palestine of today is a network of railroads and telegraph wires. Modern hotels with elevators and bell boys now occupy sacred places of history. Cafes stand where once the hosts of Israel fought, contending with chariots and horsemen. The awkward camel back is transplanted by the compartment car. One would look in vain for the hospitable villager standing at the door of his humble flat roofed home. Tall, slanting roofed buildings predominate, with fresh red tiles imported from France. In a prominent place on the brow of a hill stands the English orphanage, which provides for the education of the orphans of Palestine. English and Arabic are taught here as well as housekeeping and needlework. A telegraph station, with an Armenian operator in citizen's dress, keeps Nazareth in touch with the world.

Quieted the Barber.

A distinguished senator from the northwest strolled into the barber shop in the senate wing one day for a shave. The chairs were all occupied. The statesman, seeing this, started to go out, with the idea of returning a little later, but the head barber of the tonsorial parlor sought to detain the senator. He called after him in a rather strident tone:

"You're the next, senator!"

The northwestern senator wheeled about, assuming a sad smile, placed a hand over his fast pulsating heart as though the throbbing there pained him and said to the head barber.

"Be good enough not to remind me of that any oftener than you can help. I understand fully that I am tabbed, but permit me to enjoy what peace I may until the blow falls."

And the occupants of the chairs chuckled under their soapy masks.—American Spectator.

The Ostrich.

Instead of being a stupid bird the ostrich is one of the wisest and most wary. About the dwellings of white settlers, who have neither the time nor the inclination to disturb him, he becomes so tame that he unconcernedly mingles with the poultry and milk cows as if he, too, were domesticated. He is always fearful of men on horseback, but is not at all disturbed by the approach of people on foot unless they are followed by dogs. These he greatly fears. On the plains he often associates with the deer or the guanaco, and an alarm of any kind will send them rushing away together.

The Snipe's Bill.

The bill of the snipe is provided with a nerve running down to the tip and then distributing itself over the end of the beak. This is the only instance of this kind among birds and is a singular case of the care of nature in providing for her creatures. The snipe seeks for his prey in mud and water, where he cannot see, and it is believed that the nerve advises him of the pregence of food when his eyes give him no information.

Feminine Distinctions.

"I would rather marry a sugar magnate than be the wife of a coal president."

"Even if the coal president had more money?"

"Yes. You see, sugar is more refined than coal."—Baltimore American.

To Prospective Grapemen

"The dying of young vines which have never borne is, at least in part explained by the weakness due the use of cuttings taken from vines impoverished by over production. This emphasizes the necessity of careful choice of cuttings recommended in circular of 26 of this station."—Frederick T Bioletti of Berkeley in Pacific Rural Press, Oct, 27, 1906.

The above has proven true in my exporience of 11 years in the vineyard business. A good strong butt cutting will produce a strong bearing vine. My vineyard being in Mendocino county and young vines. I have the cuttings you want at $2 per m. Varieties: Carrigan, Mataro, Zinfandel, and Mission. Address James H Cummiskey, box 134, Cloverdale, Calif.
